

JULY 14

“FORGIVENESS DELIVERS YOU.”

READ

Matthew 18:21-35

Sadly, many folks don't believe they can be forgiven. Jesus said we are to forgive people seven times seventy. That means we should be forgiving someone 490 times per day. Forgiveness delivers you, as much as it does the one you forgive. We are ambassadors of the Lord. Our attitude is important. We should stop looking for offenses. It is not always about us. Do you easily get your feelings hurt? Are you too sensitive? Realize God has forgiven you, so to be like Him, you should forgive others! If you fall in sin today, God will forgive you, if you ask. It doesn't matter what you did. We are not perfect and have all fallen short of the glory of God. God has extended His mercy to us, so we should be merciful, too. Live, love and speak to others about God. Preach the forgiveness of the Lord. Desperate people are going about their lives without Jesus.

PRAY

Lord, I bow before You and recognize Your great grace. Help me to always remember to extend that grace to others and forgive them, too.
